Forest Lighting Announces Affordable A19 LED Lamps

Atlanta, Georgia. May 1, 2015. Forest Lighting has announced the immediate availability of A19 LED Lamps, the most common “light bulb” for residential, commercial and general use applications. Forest Lighting offers three A19 LED Lamp models: 6 watts (replaces 40W incandescent); 9 watts (replaces 75W); and 13 watts (replaces 100W.)

Forest A19 LED Lamps are dimmable, last 30,000 hours, and are available with color temperatures ranging from 3000K to 5000K. The CRI rating is 80+, and they deliver 550 to 1100 lumens. All models are UL Listed, and Energy Star certification is pending.

“We expect to be the price leader, and we have a large stock of A19 LED Lamps here in the US,” said Jian Ni, chief operating officer of Forest Lighting. “Customers looking for value can expect immediate shipment from stock from our Houston and Atlanta warehouses.” A new website is available with selection and specification information, as well as a company profile. www.forestlighting.com

Forest Lighting is the US subsidiary of a leading global manufacturer of LEDs, MLS Co., Ltd. of China, with \$1 billion in annual sales. MLS LED manufacturing capacity is unmatched, as is their commitment to sustainability in manufacturing and product materials.

About Forest Lighting (www.forestlighting.com)
