Forest Lighting Joins ELECTRI International –The Foundation for Electrical Construction

LED Products Manufacturer Engages at the Founder Level, Will Sit on the Council

Atlanta, Georgia. February 11, 2016. Forest Lighting announced it has joined ELECTRI International, the not-for-profit Foundation established by the National Electrical Contractors Association (NECA). As a Founder-level contributor, Forest Lighting earns a permanent seat on the ELECTRI Council, and will participate in Council business activities.

ELECTRI International, guided by the Council, identifies and funds research and programs that benefit the entire domestic and international contracting community. The work typically focuses on energy savings, new technology, safety, and market trends. ELECTRI Council members include contractor organizations, NECA chapters, manufacturers, distributors, and other industry partners.

“Forest Lighting is pleased to be ELECTRI International’s newest member,” said Jian Ni, Chief Operating Officer of Forest Lighting. “As our business continues to grow, we want to fully participate in all segments of the US construction market. By sitting on the Council, we can contribute to development of markets with our business partners and customers.”
