Forest Lighting Introduces New LED Flat Panel Light

Atlanta, Georgia. September 12, 2016. Forest Lighting has introduced a new family of LED Flat Panel lighting fixtures, designed for modern office, school and retail spaces. Lighting designers, architects, and interior decorators will appreciate the low-profile design and smooth even lighting provided for the task below. Installers and facility managers will appreciate the easy installation with no sharp edges.

Forest Lighting LED Flat Panels are available in 2'x4', 2'x2' and 1'x4' sizes, with three color temperatures: 3500K, 4000K, and 5000K. CRI is 80+, and efficacy is greater than 100 lm/Watt. The rated life is 50,000 hours, and energy savings is approximately 50% over fluorescent tubes. Forest Lighting LED Flat Panels are dimmable (0-10 Volt), and the warranty is 5 years. UL and DLC Certified.

Forest Lighting LED Flat Panels are in stock, available for immediate shipment. Customers should contact their local distributor, or visit the Forest Lighting website for more information.
