**WARNING:** THIS PRODUCT MUST BE INSTALLED IN ACCORDANCE WITH THE APPLICABLE INSTALLATION CODE BY A PERSON FAMILIAR WITH THE CONSTRUCTION AND OPERATION OF THE PRODUCT AND HAZARDS INVOLVED.

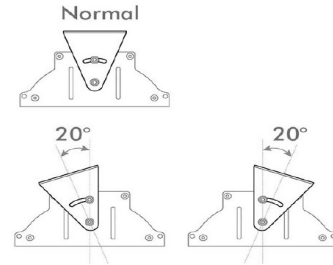

**WARNING:** PROPER GROUNDING IS REQUIRED TO ENSURE PERSONAL SAFETY.

**WARNING:** TO AVOID ELECTRIC SHOCK HAZARD, DISCONNECT THE POWER AT THE PANEL BOARD (CIRCUIT BREAKER BOX) BEFORE BEGINNING INSTALLATION.

#### Installation Methods

#### Adjustable Angle

## Step 1

Open the packaging and remove the fixture. Check the fixture body and accessories for any damage and ensure all parts are complete and in good condition.

## Step 2

### Surface Mounting:

Mounting brackets are included if the mounting procedure is specified when ordered. Attach each bracket to each side of the fixture in designated areas. Install the fixture to the ceiling with the provided hardware. The fixture could be adjusted 20° in each direction after the bracket is installed.

### Suspended Mounting:

Install appropriate mounting cables to designated mounting points on the fixture. Attach cables to mounting surface with appropriate hardware.

## Step 3

Connect the power cord to the junction box. Ensure proper connection of the hot wire (black), neutral (white) and the ground wire (green) before turning on.

## Step 4

Turn on the fixture and monitor to ensure it is functioning properly.
