T8 Glass Single-Ended LED Lamp

Forest Lighting T8 Glass Single-Ended LED Lamps are an economical choice for both retrofit and new construction applications. These T8 Glass LED tubes incorporate integral drivers which simplify lighting systems by eliminating the need to connect the LED lamp to a fluorescent ballast. Four-foot Forest Lighting T8 Glass single-ended LED Lamps connect directly to line voltage for easy installation and are offered in three wattages and four color temperatures. They also provide a wider beam spread of 170 degrees. Forest Lighting T8 Glass LED lamps are a highly affordable option when replacing T8 fluorescent lamps.
